Fractions & TTRS

Curriculum Theme

Science - Classifying Animals

We are looking at classifying plants and animals this half term. The children have been looking at how to create classification keys to identify types of animals. The children should choose a group of different animals and then create a classification key for these animals **Due in: Wednesday 7th May**

Humanities - Compare The United Kingdom with Chile in South America. We'd like you to research South America and present 5-10 top facts about the continent. You can choose to present your findings in any way you'd like, PPT, video, poster etc **Due in: Wednesday 21st May**

Art - Under the Sea

Create a piece of art work (painting / sculpture / drawing / CAD-CAM) of a creature you would like to find under the sea - be it real or imaginary.

Due in: Wednesday 21st May

Due to the short half term and most of Year 5 being on PGL, feel free to only do 2 out of the 3 wider curriculum homework pieces.
