Curriculum Theme

Science

We will be looking at living things in our next science unit. During the lessons we will look at classifying plants and animals into different groups. For your homework we would like you to explore an animal or plant that we may not have heard of before! You will need to do some research to find an unusual example then produce an information page on your chosen animal or plant, remember the stranger the better! **Due in: Wednesday 5th March**

Humanities

Choose any river in the world. Research and present 10 facts about it. You can present these facts in any way you prefer. PPT, fact file, posters, mind map.... be as creative as you like!
Due in: Wednesday 19th March

DT

Find electrical objects around the home. For each object, identify its form (shape appearance), function (the purpose of the object) and comment on whether it is fit for purpose.
Due in: Wednesday 2nd April
