Chris Errington
Head Teacher

My name is Chris Errington and I have been the Head Teacher at St Michael's for over 10 years. I am extremely proud of the teaching and facilities we have developed and the impact we are having on our pupils and the community.

I have been a Primary teacher for 25 years working in schools across Warwickshire. This experience has helped me in my role at St Michael's.

I have always been a keen sportsman playing in many teams. I now only play cricket, but I also coach an U18 rugby team. I believe physical health and good sportsmanship can support children's all round education and have always prioritised this at St Michael's.

I am married with 3 children, the oldest of which has just started at university and the youngest is studying for her GCSE's. I spend most of my weekends supporting them with their various sports teams. We also enjoy travelling as a family.
