Lindsay Nash
Chair of the Governors

My name is Lindsay Nash and I joined the Governors at St Michael's as a Foundation Governor and Vice Chair at the invitation of the Chair of Governors at the end of 2021. I had recently retired from my post as Head of Education of the Diocese of Coventry MAT so was already very familiar with the school and the Trust.

I became Chair of Governors in September 2022 and am passionate about children getting off to a strong start with their reading and having an enjoyable, exciting and successful education at their primary school.

I worked as a class teacher in Reception and Key Stage 1 in various parts of the country then became the headteacher of 3 different schools over 14 years before taking up my post with the Diocese. I have worked in school improvement for 8 years and been an Ofsted inspector for just over 6 years.

Since my 'retirement' in 2021, I have taken up a great deal of childcare for my grandchildren which I love and have been a governor in 3 schools as well as doing inspections with Ofsted. I worship, am on the PCC and lead the worship at St Chad's Church Wood End in Coventry as well as helping out with the children's ministry where I can.

I have always enjoyed visiting St Michael's and working with the staff here as they always share their excellent practice generously and love to learn anything new that can benefit their learners. They work extremely hard to ensure an excellent standard of education for their pupils in a safe and beautiful environment so my role is to ensure our Academy Governance Committee does all we can to support them.
