*Rev. Paul Foster
Foundation Governor*

In 2022 I took up the Team vicar position in Bedworth Parish Church with a focus of planting new worshipping communities in Bedworth. Through this, we started Lantern Church and are working alongside St Michaels to bring a number of projects through the Academy and Children and Family Centre. It has been great to work alongside the children and staff to try and find new ways to explore faith and Christian values. We are currently working with the Borough Council and other organisations to start other projects in the area. If you see me about, please come and say hello.
